Fold your sheet in half both ways. There are lines on the booklet to help guide you.

Lay your paper flat again and fold both of the short edges into the centre.

Using scissors, carefully cut along the centre fold.

Fold the paper in half long ways, then pull the cut open.

Push the sides together, closing the gap you have cut.

Fold the pages round so the cover is at the front. If you want your book to be extra strong, glue the insides of the pages so it holds its shape.
