ACCEPTING YOURSELF!

In Cosmic Cadets, Gloria feels her differences make the 'odd one out'. She is the only girl, the only one with curly hair, the only one with dark skin.

And she's the only human!

By the end of the story Gloria realizes her differences are what makes her special.

She realizes she is GLORIOUS!

Can you think of five things you like about yourself, that makes you a little different or special to others?
