Q&A

WITH LOVE SSEGA

Wanzu and his friends will do whatever it takes to keep Sealand - their island home - safe. They all have magical powers connected to the four elements: air, water, earth and fire. But curious and playful Wanzu hasn't discovered what his power is yet...

With books 3 and 4 publishing in 2027, 'The Elementals' books are musical, magical, environmental adventures, written by Love Ssega and illustrated by Erika Meza for ages 6+.

Q What inspired you to write 'The Elementals'?

Stories my parents would read to me based on folklore from Buganda culture. The Baganda - as we are known - are part of the Bantu peoples of east and southern Africa and Buganda is in the modern-day country of Uganda.

Q Did you always want the environment to be a key theme?

There are so many fun characters in 'The Elementals', however, nature was always going to be the main event! These stories are to remind us, as humans, that there is so much natural wonder in the world, and if its too far to visit, you can imagine it through 'The Elementals'.

Q If you could choose a power to have yourself, what would it be?

When I started writing the book I would say air and the power to control the breezes and maybe even fly. However after writing book 2, I've been learning a lot about the magic of the earth and soil to hold so much life and if I could talk to trees, then I think that would be pretty cool too.

CHAPTER ONE
FROM SEA TO SOIL

"Ready... Set... GO!" Peo shouted, as she started the race on the sea between her twin brother Elu and their friend Wanzu.

It was Wanzu's first day staying with the twins, and they were straight into the fun and games. Wanzu lived on the other side of the island with his grandma Jjajja, and the twins didn't get to see him much. So Peo was determined they weren't going to waste a second of his visit!

"That's not fair, Wanzu! You're using the wind to help you," Elu shouted, as he fell behind.

"Come on, Elu! Don't let the family down," Peo teased.

BOOK REVIEWS & RECOMMENDATIONS

For ages 9+

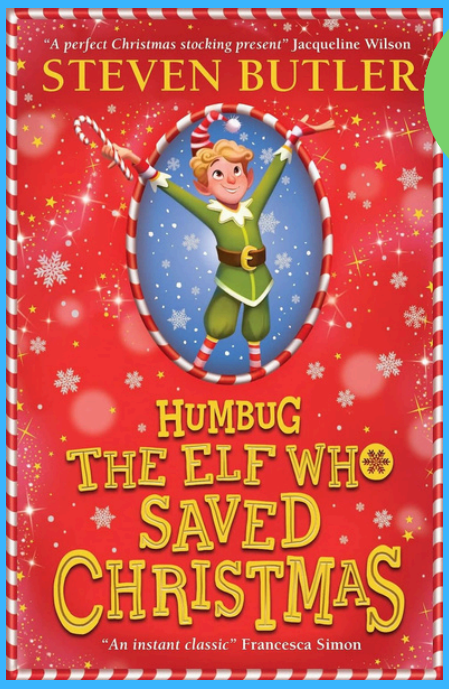

'Operation Nativity' is a perfect celebration of this festive period – it really captures that feeling during the run-up to Christmas for children and adults, reimagines the Christmas story to today (an absolutely genius idea!) and also explores the beautiful inter-generational relationship between a grandfather and his grandchildren. Two particular moments at the end had me sobbing but then in a heartbeat, Jenny has you laughing again - she can wrap those emotional moments tightly amongst humour so it doesn't feel too heavy for younger readers.

By Tom Griffiths, Headteacher & book blogger @checkemoutbooks

For ages 8+

'Humbug The Elf Who Saved Christmas' is about a family of elves who are treated differently from others. They work in the R.P.D (reindeer poo disposal) department where nothing is as jolly as they would like. Throughout the story, the Humbugs prove that even the smallest elves can make a big difference. This book is amazing because even though nothing is going to plan, everyone ends up having a wonderful time. The message at the heart is that not everything needs to be perfect to have a great Christmas. I would recommend this book to anyone who enjoys Christmas and adventure.

By Elsie, age 11

Reading for Pleasure

Tips from the Open University team

The Reading for Pleasure team recommend...

Ages 7-14

Full of wintry words and images to enjoy aloud

Perfect for dipping in and out of together

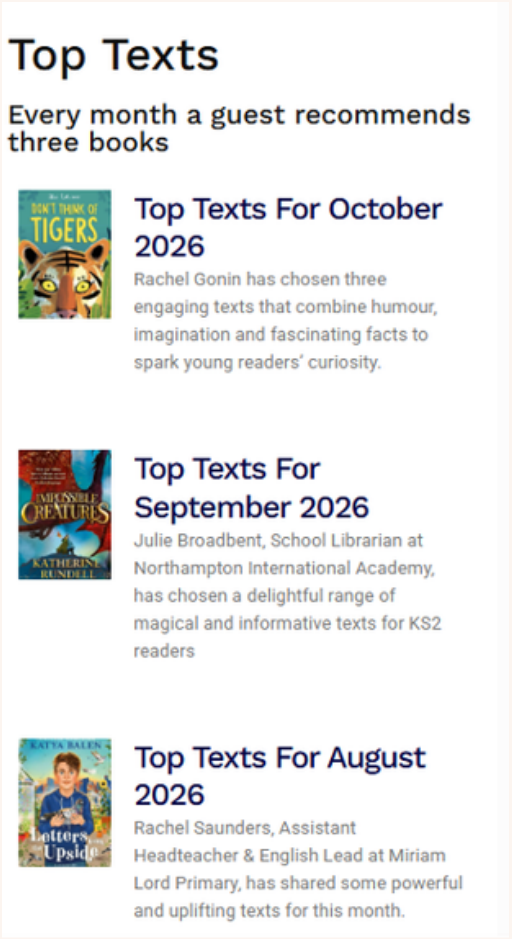

Choose a favourite poem and share it with someone else!

Give the gift of reading

Reading recommendations are a lovely way to connect with others. This winter, why not...

- Swap a favourite read with someone else
- Recommend something you've loved to a friend or family member
- Visit the library together and choose something for each other
- Share an old favourite – books don't have to be new to make great gifts!
